Dear Resident,

My name is Ciara, and I am a volunteer in your area. I am one of Jehovah's Witnesse's. Usually we would call on people at their homes, but in order to keep ourselves and others safe during the ongoing health crisis, we choose to use other means to contact people.

My purpose in sending you this letter is to share some information that i've found to be very encouraging. Our work is not commercial, and we engage in this activity because we are genuinely interested in our neighbours.

Phase (3) has opened up, but many may still be troubled with the effects that covid-19 continues to have worldwide. So with those thoughts in mind, i've been directing people to our website JW.ORG. On the site you can find Bible based videos and publications that can help to ease our minds during difficult circumstances. Articles that may be of specific interest are: "How to manage stress," "What does the future hold," or even "Is the world out of control."

I hope that you and your family are doing well, and that in your spare time you might get a chance to take a look at the website.

Sincerely, Ciara. K
